Sutphin Cattle Welcomes You...

Dear Cattleman,

Welcome to the Sutphin Cattle Company Bull Sale. It is with great pleasure to be able to offer these Stout, Age Advantage 2-year-old virgin bulls. We are proud of the offering we have for you, and feel confident that you will be impressed when you view the multi-breed bulls we have here today.

The goal of our program is to provide superior genetics to the commercial cowman. We want to provide cattle that work not only for us, but for the cow-calf operator, the feedlot, the packer and the consumer. We are doing this by using proven carcass genetics from across the country and continually stacking low birth weight with high weaning and yearling weights while maintaining grass converting maternal traits.

We have slowly increased our cow herd & expanded our Cooperator Program which has upped our bull numbers to 1,200 per year.

We are currently the 7th largest bull supplier in the United States.

We want to build long term relationships and we are extremely grateful for the friends & contacts we have made.

We look forward to visiting with you on sale day.

Bull Selection

In order to assist you in selecting the bull that is right for your program we have designated a rating for each of our bulls. By rating our bulls, it gives you a better idea of what you are getting. If it's a heifer bull you are looking for, we want to get you a true heifer bull. If you're looking for a cow bull that will put pounds on your herd, we can get you that! When selecting each rating we take into consideration, several factors. We look at the individual bull; the genetics behind him; his EPDs given by the Breed Association; and his actual weights. Beside is an explanation of the ratings along with a docility rating:

Calving Ease

	<u>Rating</u>
Guaranteed Heifer Bull <u>Sleep Easy</u>	5
